

You're Invited!

FIRST NATIONS ECONOMIC FORUM FORUM ÉCONOMIQUE DES PREMIÈRES NATIONS

Join us for the first-ever First Nations Economic Forum and help determine what the next steps should be to support economic growth in First Nation communities.

The Delta Hotel by Marriott
Downtown Winnipeg, MB
May 13–14, 2024

The forum will bring together First Nations leaders, organizations, and partners for an engaging two-day event.

Why the First Nations Economic Forum

A consortium of national indigenous organizations (NIO's) is hosting the Forum to develop an economic framework and identify what initiatives to prioritize. This forum will also inform Canada's development of an Economic Reconciliation Framework.

Currently, First Nation communities looking to pursue economic prosperity must navigate a seemingly complex system of supports. The Forum offers an opportunity to create a strong, unified voice in advocating for economic development supports with the federal government.

The NIOs invite the following participants:

- First Nations
- Chief and Council
- Economic Development Officers and related partners
- Land Managers
- Financial Officers
- Indigenous Chambers of Commerce
- Private enterprises
- Sole proprietors, partnerships, corporations
- Public enterprises
- Government Business Enterprises (GBEs) and related partners
- Tribal Councils
